And Edit

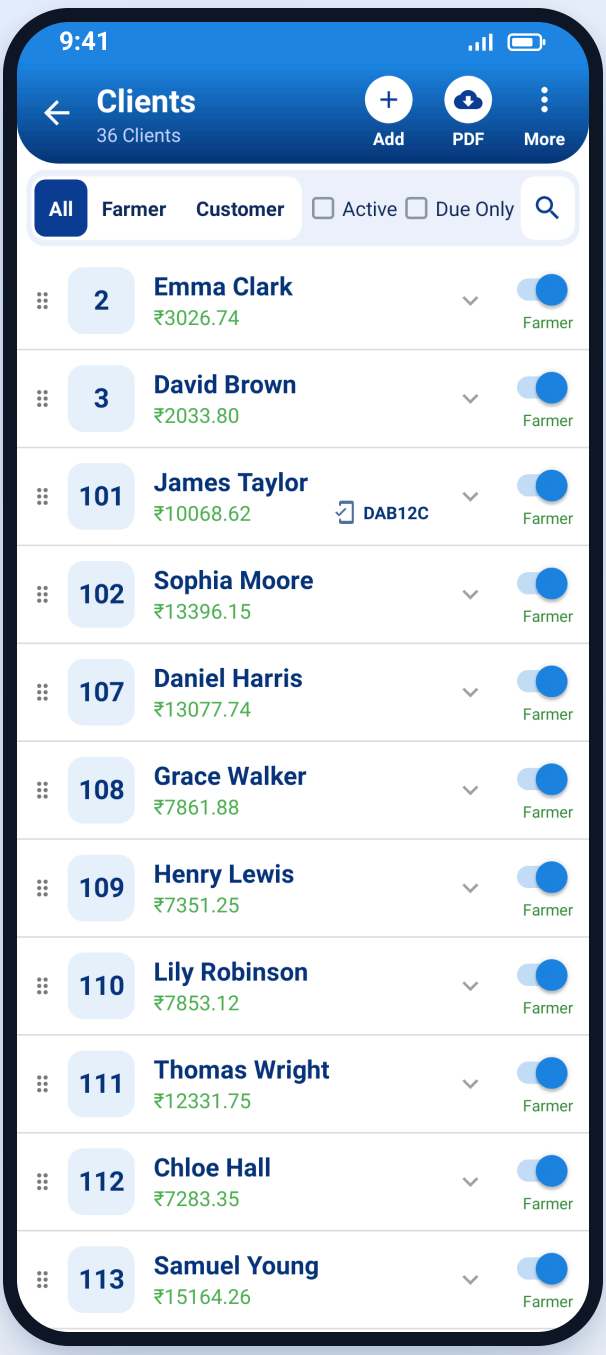

STEP 1 · OPEN

Tap the ID square

Side menu › Client management. Tap the number at the start of a row for the sheet. Tapping the row itself still opens its details.

Clients

The ID square

The sheet opens from the bottom.

The row

Opens milk, rate basis, phone and address, as before.

From Add Entry too

The client icon next to the ID.

STEP 2 · MILK DAYS

The last milk days, as bars

One bar for each day the farmer brought milk. Days without milk fold into a small gap, so the bars stay readable.

The sheet

Milk · Fat · Amount · Rate

Tap a pill to switch the bars.

Usual and total

How much a day, usually, and in all.

Tap a bar

That day's milk, with the usual next to it.

STEP 3 · ACT

Balance and every action

Under the bars: the balance with Pay / Receive, then Call, WhatsApp, Ledger, Entries and Edit. The switches turn the client on or off.

● Balance and actions

Pay / Receive

Opens with this client already picked.

Call and WhatsApp

Straight to their number.

Active and Customer app

In Add Entry or not; their app on or off.

STOPPED COMING?

It tells you when a farmer stops

A farmer who brought no milk for a while gets a line on top: how long, and the last day. Make them inactive from the switch, or delete at the end.

● No milk lately

No milk for N days

With the last day they came.

Active switch

Off hides them from Add Entry. Nothing is lost.

Delete

At the end of the sheet, after a check.

Where: Clients › ID

The sheet in 3 steps

Open Client management, tap the ID square, then act from the sheet.

1. Side menu › Client management
2. Tap the ID square on a row
3. Look at the bars, or tap an action
