DJS Dairy
Dairy management app

FARMERS & CUSTOMERS

Your customers see their own account

The MY DJS DAIRY app shows each client their entries, bills and balance. You link them once with the code from their app.

Their own app
MY DJS DAIRY

What they see

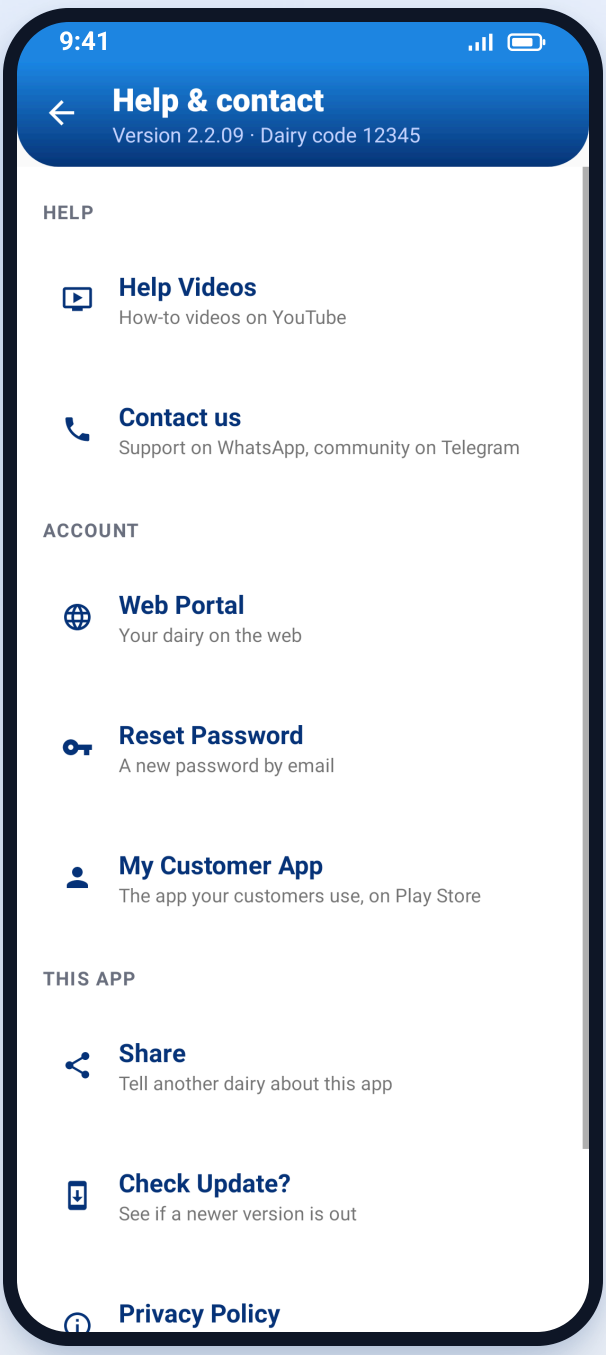

THE APP

Ask them to install MY DJS DAIRY

Side menu › Help & contact › My Customer App opens it on Play Store. Share it with your clients.

● Help & contact

Play Store

Free for your farmers and customers.

Their code

The app shows a customer code and a QR code.

After a sync

They see what your phone has sent.

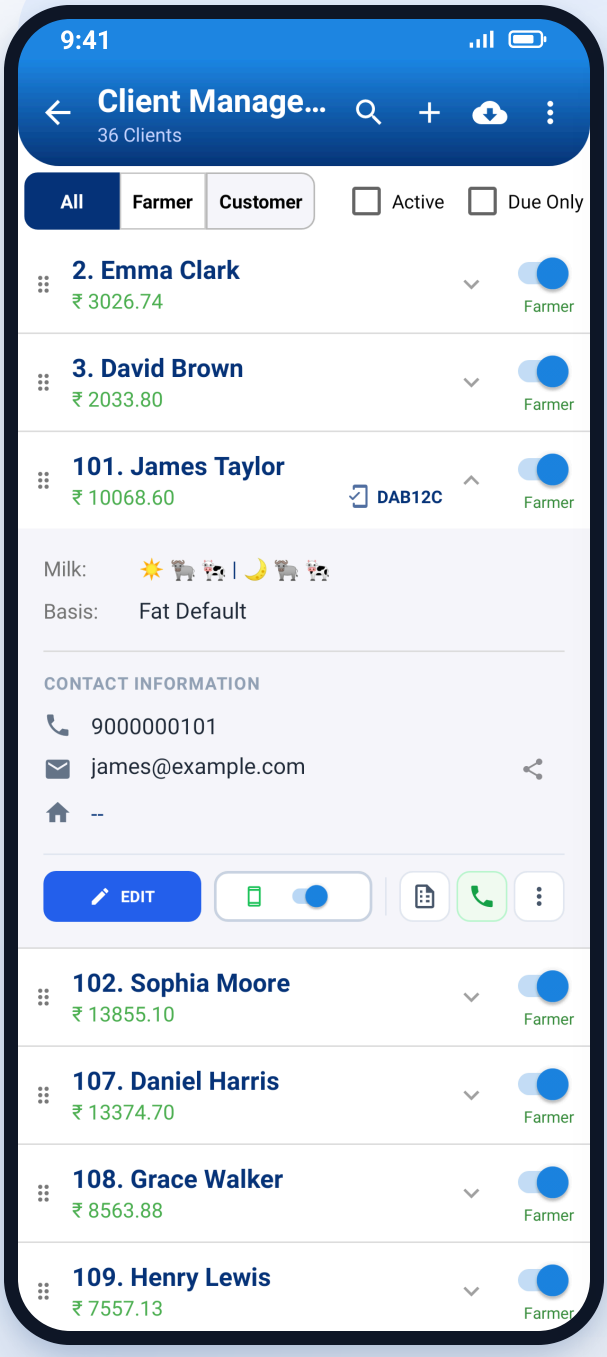

Where: **Side menu** › **Help & contact** › **My Customer App**

STEP 1 · LINK

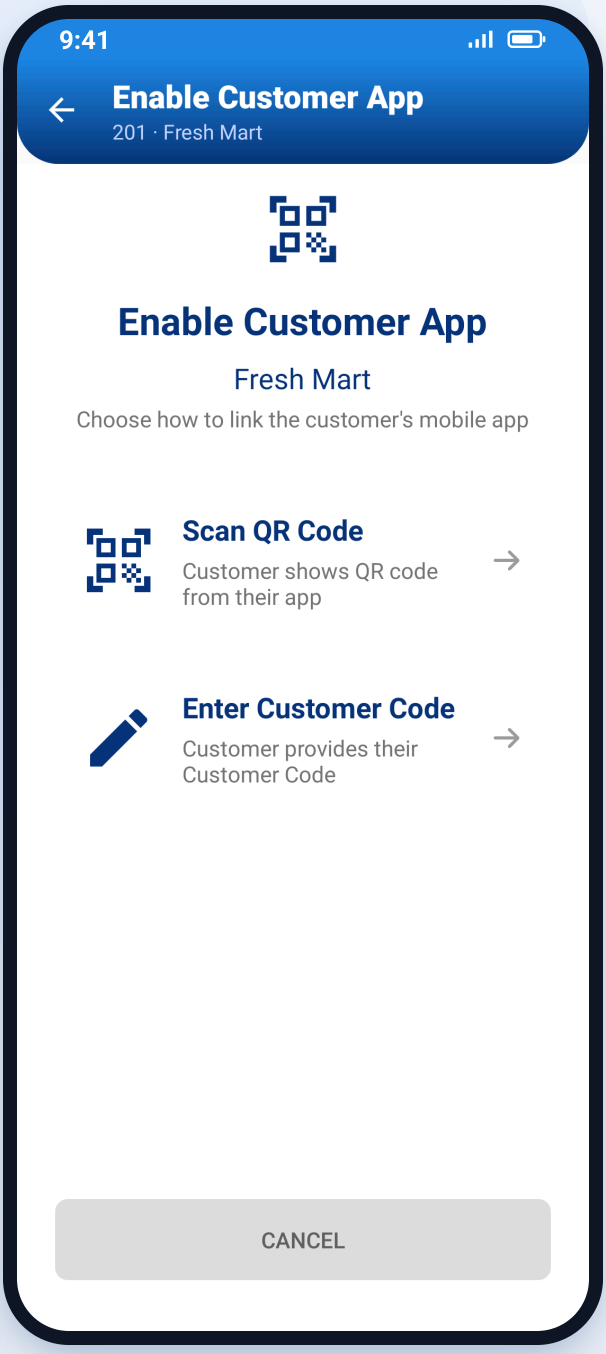

Link the client to their app

Client Management › open the client's row › the phone switch. Then scan their QR code, or type their code.

Phone switch

Enable Customer App

The right client

Open the row of the farmer or customer it belongs to.

Scan QR Code

They show the QR in their app.

Enter Customer Code

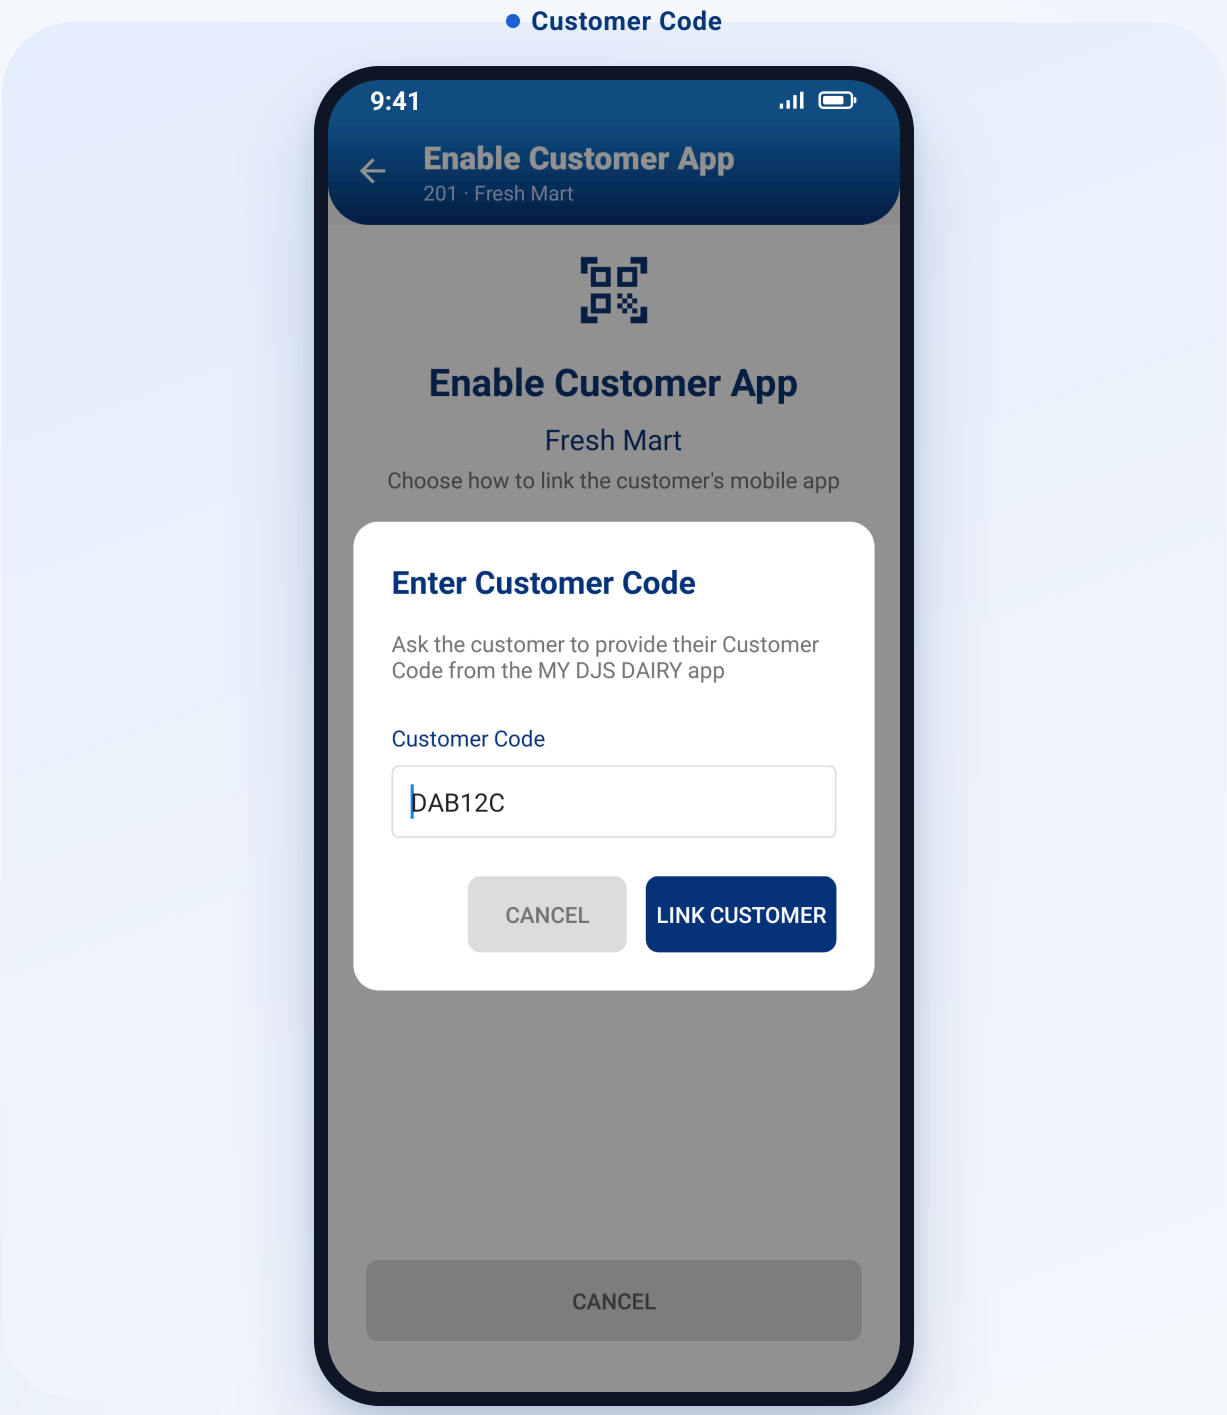

Or type the code they read out.

Where: **Client Management** › **Row** › **Phone switch**

STEP 2 · CODE

Type the code and link

Type the Customer Code from their app and tap Link Customer. The code then shows on the client's row.

The code
Starts with D, like DAB12C.

Needs internet
Linking and unlinking go through the server.

Unlink
Tap the phone switch again to turn it off.

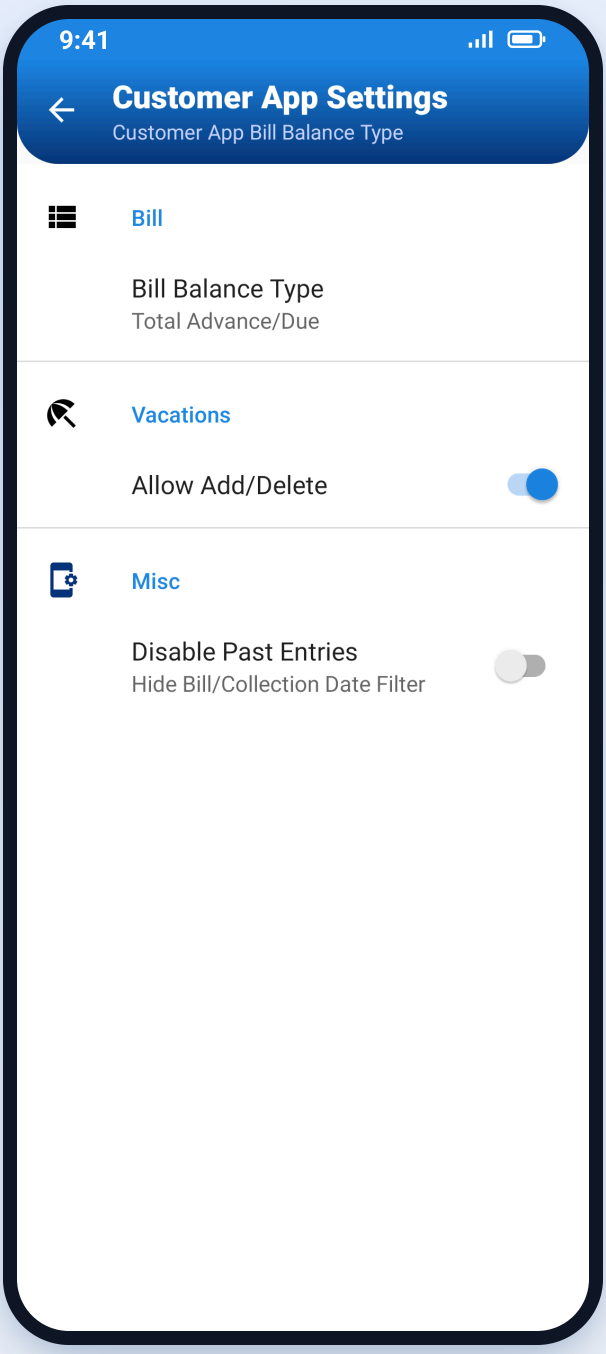

Where: Enable Customer App › Enter Customer Code

YOUR SETTINGS

Choose what customers see

Settings › Customer App Customization: the balance on their bill, leave days, and old dates.

Customer App Settings

Bill Balance Type

Hide, Total Advance/Due, or Billable Amount.

Allow Add/Delete

Lets them mark their own leave days.

Disable Past Entries

Hides the date filter in their app.

Where: **Settings** › **Customer App Customization**

Linked in 3 steps

They install the app, you open their row, then type their code.

1. They install MY DJS DAIRY
2. Client Management › row › phone switch
3. Scan the QR, or type the code
