DJS Dairy
Dairy management app

SETTINGS & DATA

Faster entries, cleaner tables

Small switches that save time at every collection, and table options so the lists and slips show what you need.

Auto next
Next client after saving

Auto decimal
35 becomes 3.5

Milk type by fat
BM or CM

Skip entry
No milk today

Columns
Show or hide

Decimals
Milk, fat, SNF

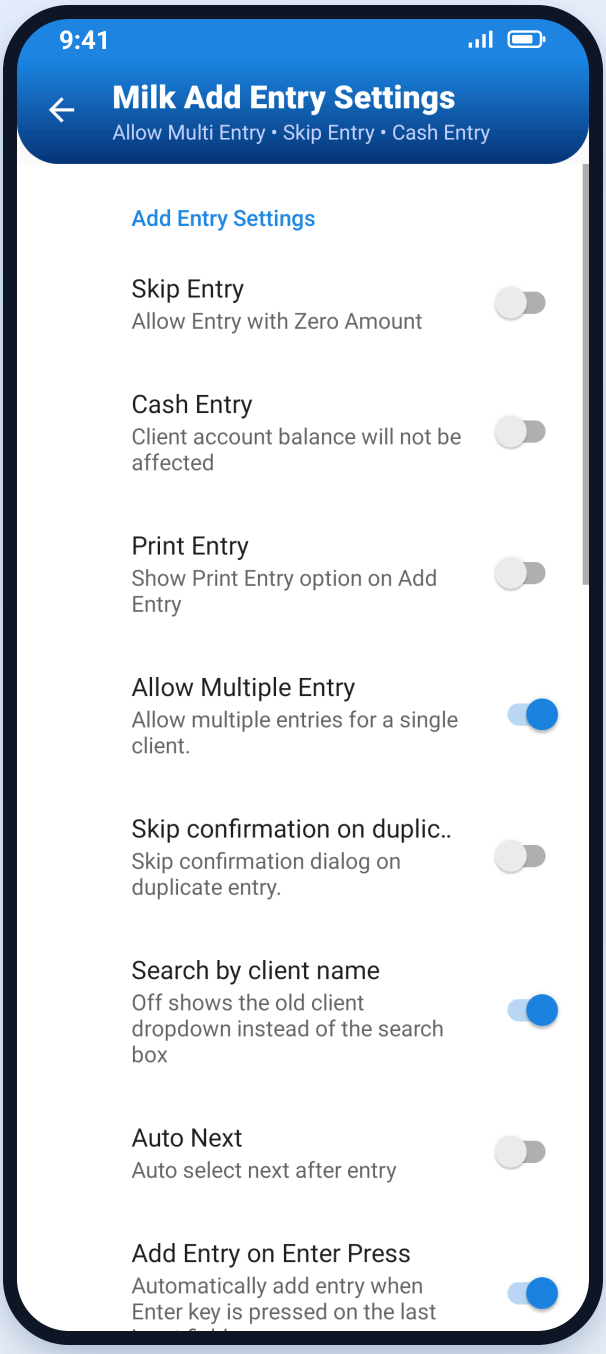

MILK ADD ENTRY SETTINGS

Switches for faster entries

Settings › Milk Add Entry Settings. Turn on only what helps your collection.

Milk Add Entry Settings

Skip Entry

Marks a session with no milk.

Cash Entry

Paid on the spot; the balance doesn't change.

Allow Multiple Entry

A second entry in a session asks first.

Where: Settings › Milk Add Entry Settings

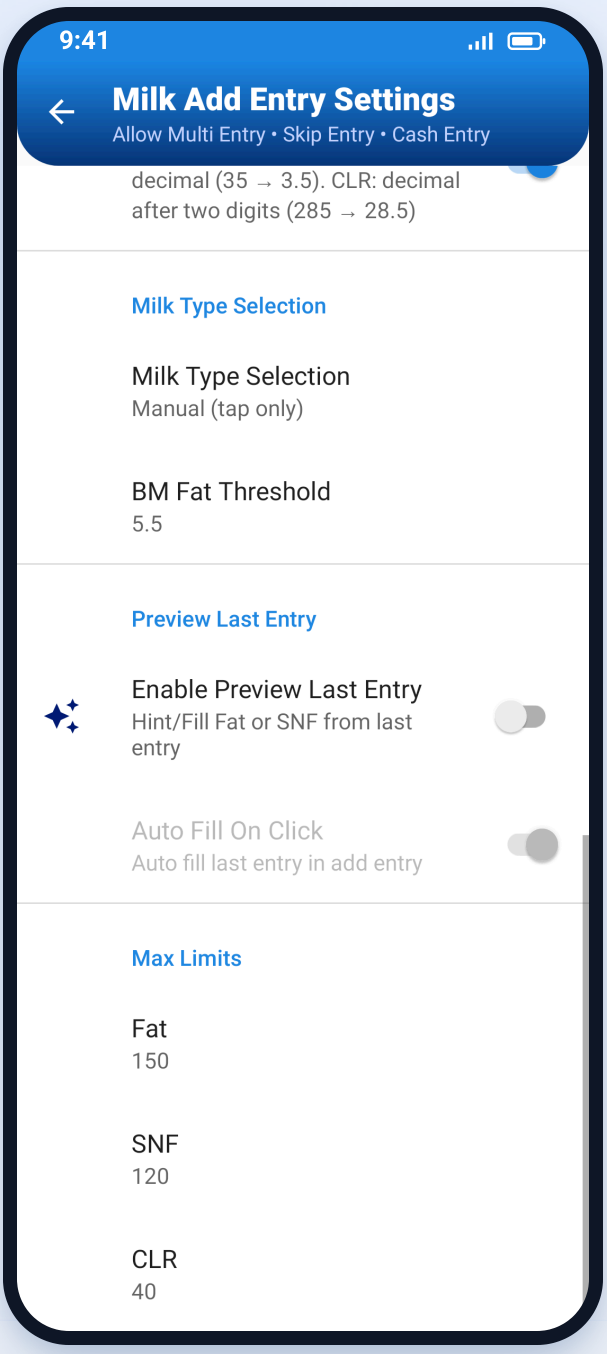

TYPING LESS

Type less at every entry

Auto Next moves to the next client, Auto Decimal turns 35 into 3.5, and milk type can follow the fat.

More

Auto Next

The next client after saving.

Auto Decimal

Fat/SNF above 14 get a decimal; 285 CLR becomes 28.5.

Milk Type Selection

Tap, keys 1/2, or by fat (BM from 5.5).

Where: **Milk Add Entry Settings**

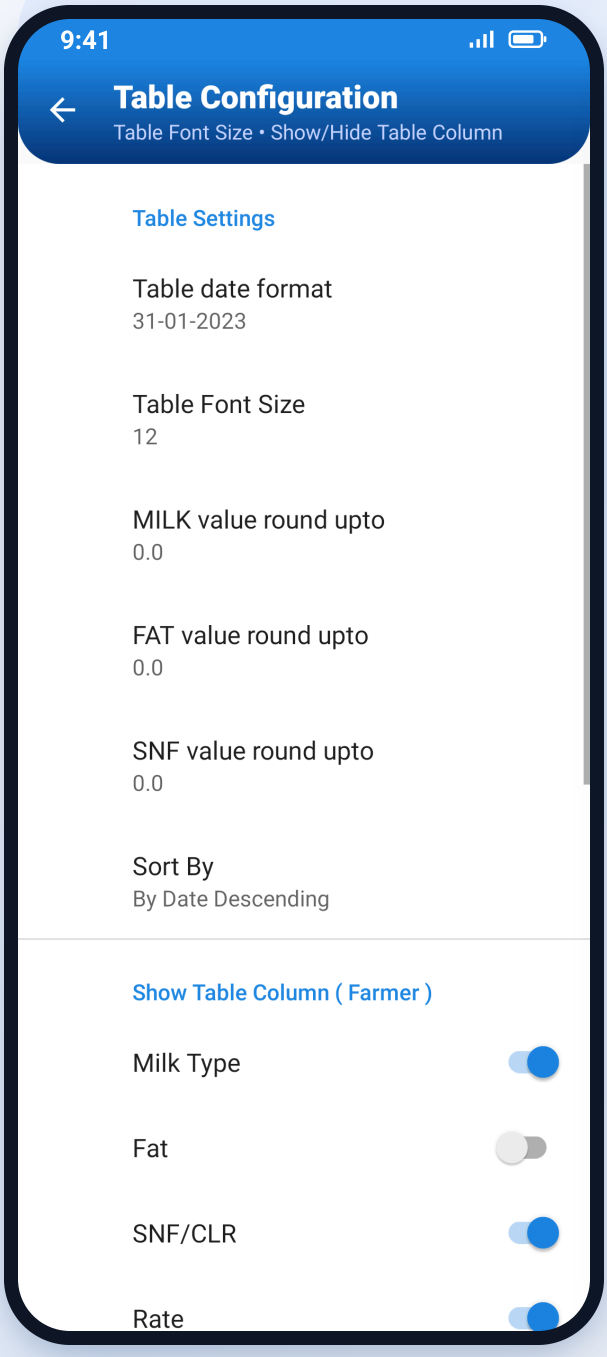

TABLE CONFIGURATION

How tables look

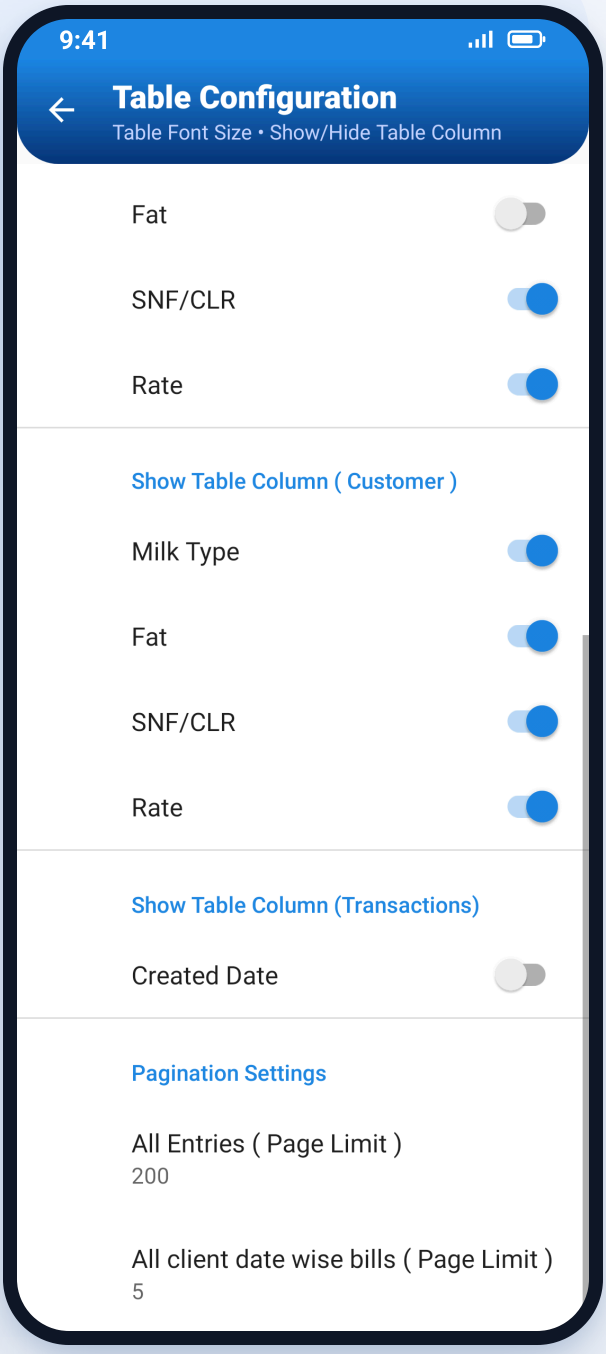

Settings › Table Configuration: date format, font size, decimals, sort order, and which columns show.

Table Configuration

Columns

Round upto

Decimals for milk, fat and SNF.

Show Table Column

Milk type, fat, SNF/CLR, rate; farmer and customer apart.

Sort By

The order of rows in lists.

Where: **Settings** › **Table Configuration**

Settings in 3 steps

Turn on what saves you time, then set how tables look.

1. Settings › Milk Add Entry Settings
2. Turn on Auto Next, Auto Decimal…
3. Settings › Table Configuration
