PRINTING & MESSAGES

Print slips on a Bluetooth printer

Pair the printer in your phone's Bluetooth, pick it in Printer Settings, and test it. Then slips print with entries, payments and bills.

Slip printer
2 or 3 inch

Your language
Hindi too

With every entry
If you want

What it shows
Balance, rate, name

Per client
Yes, No, Default

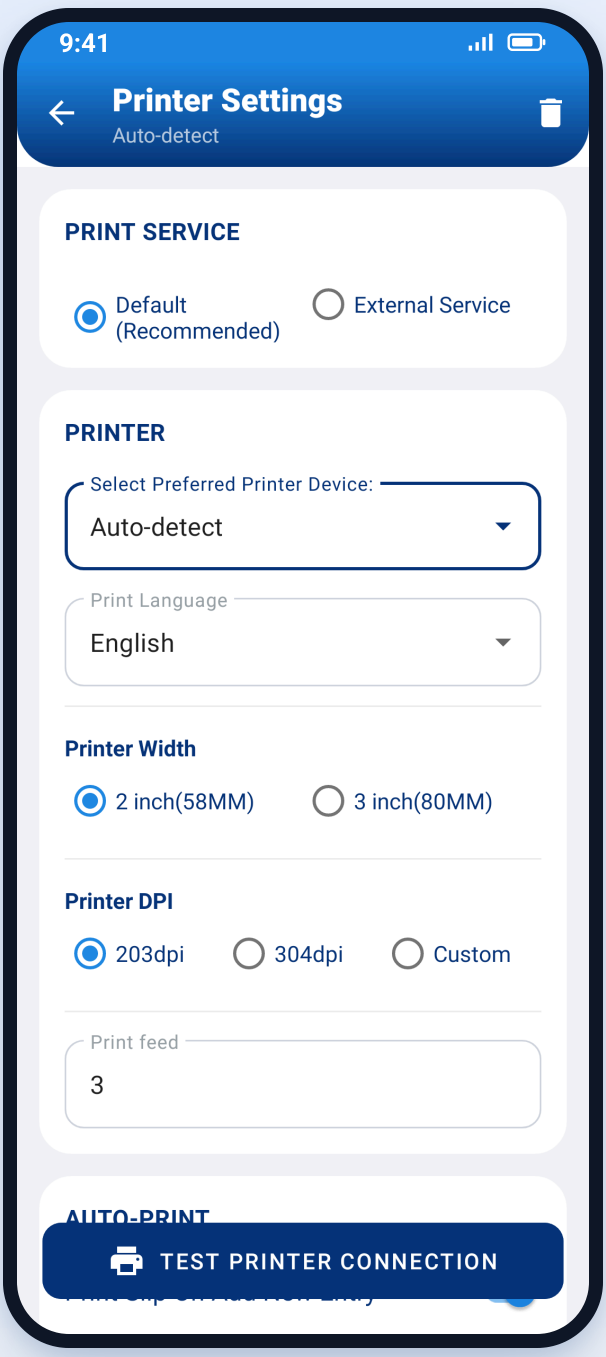

Other printers
Through Android

STEP 1 · CONNECT

Pick your printer and test it

Pair the printer in the phone's Bluetooth settings first. Then Settings › Printer Settings: pick it, choose the width, and tap Test Printer Connection.

Printer Settings

Default (Recommended)

For a Bluetooth slip printer.

Print Language

English prints fastest; Hindi prints as a picture.

Width and DPI

2 inch (58 mm) or 3 inch (80 mm). 203 dpi for most.

Where: Settings › Printer Settings

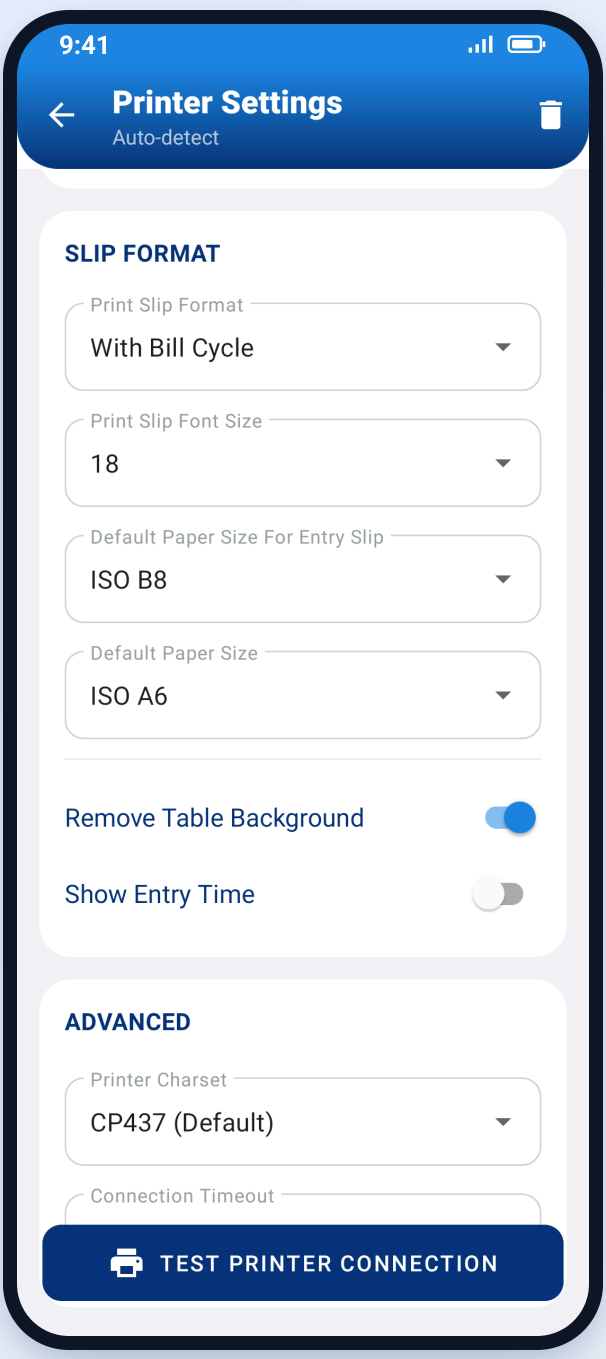

STEP 2 · SLIPS

A slip with every entry

Below the printer: Auto-print prints a slip with every entry. Slip Format sets what the slip looks like.

Slip Format

Auto-print
Print Slip On Add New Entry: off at first.

Slip Format
With Bill Cycle (the period's totals), 1 or 2 Column.

Paper Size
For normal printers: entry slips and bills.

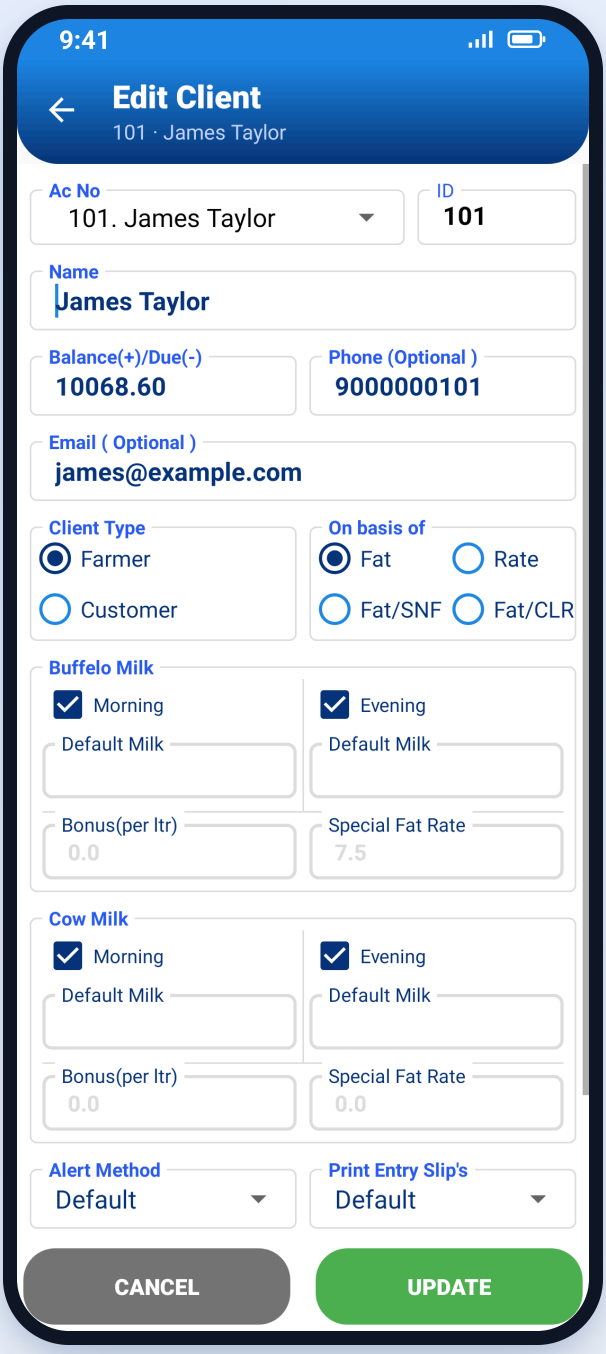

Where: Printer Settings › Auto-print

PER CLIENT

No slip for some clients

Edit a client and set Print Entry Slip's: Default follows the dairy, No never prints for this client.

Edit Client

Default
Follows Printer Settings.

No
Never prints for this client.

Dashboard sheet
Its printer switch prints cash and product slips.

Where: Client Management › EDIT › Print Entry Slip's

Printing in 3 steps

Pair it, pick it, test it. Then turn on auto-print if you want a slip every time.

1. Pair the printer in phone Bluetooth
2. Settings › Printer Settings: pick it
3. Test Printer Connection
