PRODUCTS & STOCK

Your products, priced and counted

Ghee, paneer, cattle feed: add each once with its price and unit. Turn on stock counting and every sale takes it off.

Add once
Name, unit, price

Find fast
By name or ID

Stock count
If you want it

Running low
Amber at 5 or less

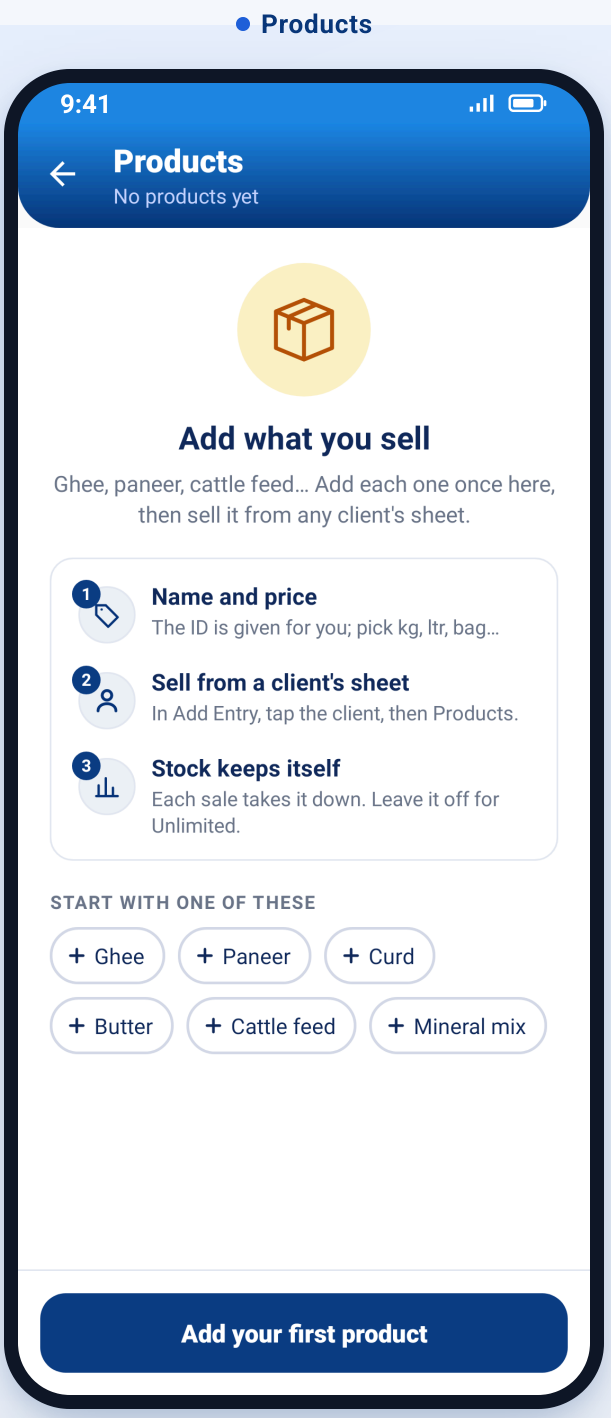

Change price

Old sales stay

STEP 1 · START

Start with what you sell

Side menu › Product Management. The first time, pick one of the usual products or add your own.

Quick start
Ghee, Paneer, Curd, Butter, Cattle feed, Mineral mix.

One tap
The name is filled in; add the price.

Three steps
Add, sell from Dashboard, see it on the bill.

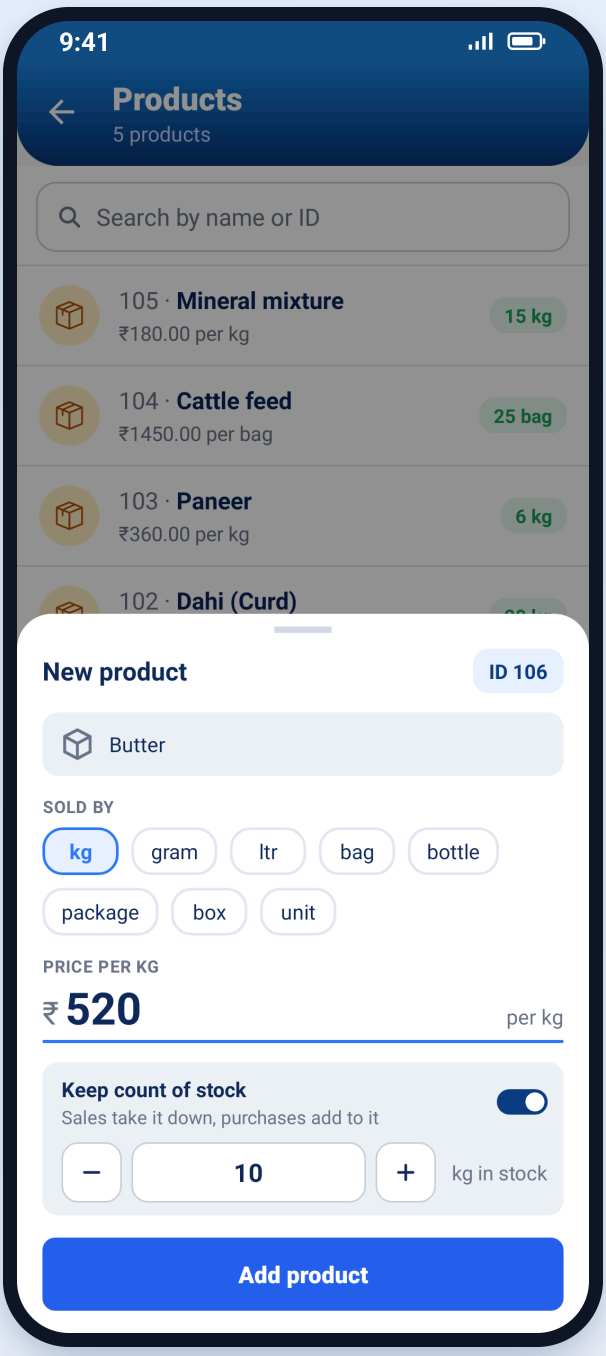

Where: Side menu › Product Management

STEP 2 · ADD

Name, unit and price

Add product opens a sheet. The ID is given for you. Choose how it is sold and the price for one unit.

New product

ID

The next free number, given for you.

Sold by

kg, gram, ltr, bag, bottle, package, box or unit.

Price

For one unit. Each name can be used once.

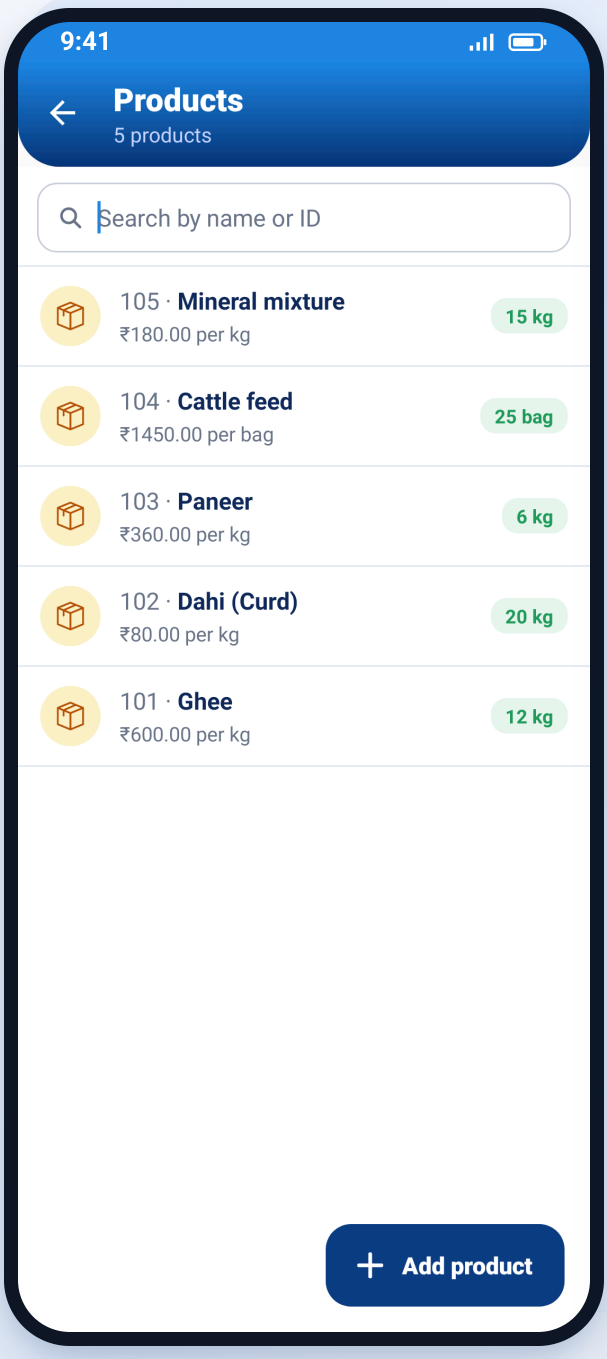

Where: Products › Add product

STEP 3 · STOCK

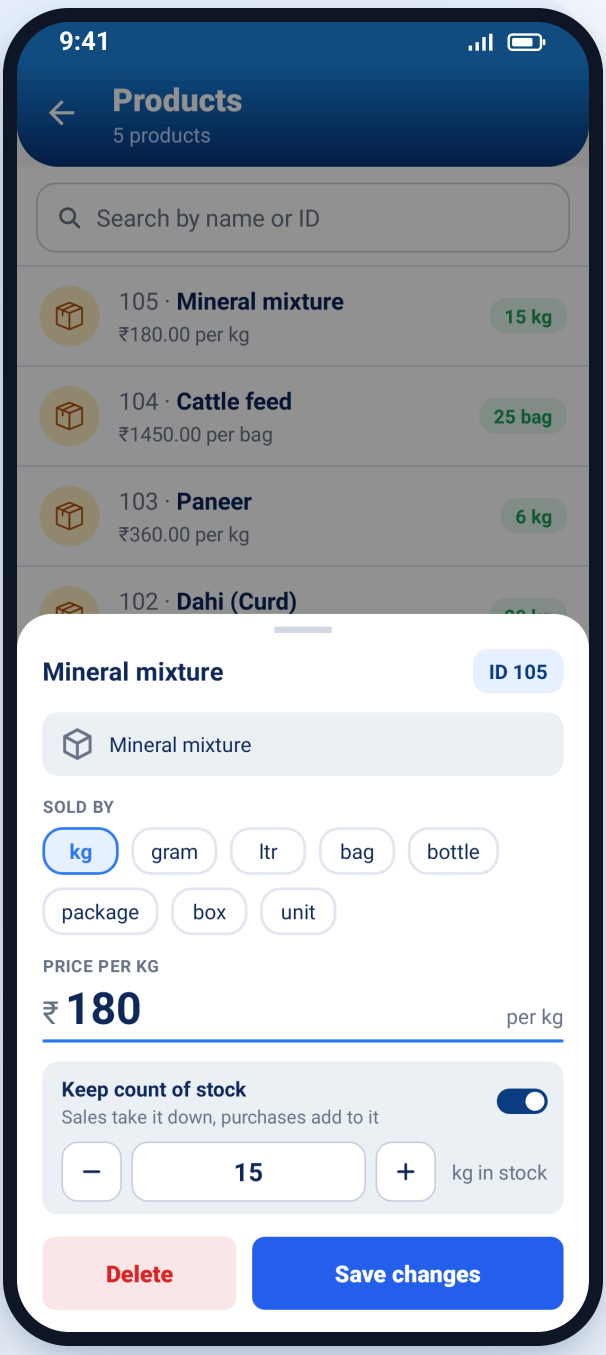

Keep count of stock, if you like

Turn on Keep count of stock and set how many you have. Each sale takes it off, each purchase adds it back.

● Products

● Edit

Off at first

Without it, the product shows Unlimited.

Running low

Amber at 5 or fewer, red when it is out.

History

Manage Entries › Kind › Products shows every sale.

Where: **Products** › **Tap a product**

Products in 3 steps

Add the product, set the price, then sell it from Dashboard.

1. Side menu › Product Management
2. Add product: name, unit, price
3. Save; turn on stock if you want

GOOD TO KNOW

New price
Open the product and change it. Old sales keep their price.

Delete
Old sales stay as they are.

Staff
Need the product permissions to add, edit or delete.

Thank you for running your dairy with DJS Dairy.
